

PRESS RELEASE

Safran Defense & Space, Inc. Strengthens U.S Defense Ties with New Headquarters in Virginia

ARLINGTON, Virginia – April 28, 2025

Safran Defense & Space, Inc. (Safran DSI), a pioneering leader in advanced defense and space solutions, proudly announces the grand opening of its new U.S headquarters located at 4501 N. Fairfax Drive in Arlington, Virginia. The event marks a significant milestone in Safran DSI's commitment to expanding its footprint in the United States and unlocks a new chapter in bringing world-class technological innovations to the forefront of American defense and space sectors.

The Arlington headquarters will serve as a hub for Safran DSI's expanding portfolio of high-tech capabilities, including electro-optical and infrared systems, resilient navigation, geospatial artificial intelligence, power and propulsion, and space technologies.

"This strategic location places us closer to our key partners, enabling us to deliver faster, more agile support for national security and aerospace initiatives," said Joe Bogosian, President and CEO of Safran DSI. "DSI is already planning further expansion at this site to meet the growing demand for Safran's global technologies and services."

Earlier this month, Safran DSI hosted a dedication ceremony for its new electric propulsion and satellite communications manufacturing facility in Parker, Colorado. Serving as the Safran DSI "Space Hub," the facility is a key venture in the future of U.S. space infrastructure. By localizing production and innovation, Safran DSI is ensuring a sustainable and reliable supply chain for its American customers and strengthening its ability to deliver mission-critical technologies for advanced space operations.

Safran is an international high-technology group, operating in the aviation (propulsion, equipment and interiors), defense and space markets. Its core purpose is to contribute to a safer, more sustainable world, where air transport is more environmentally friendly, comfortable and accessible. Safran has a global presence, with 100,000 employees and sales of 27.3 billion euros in 2024, and holds, alone or in partnership, world or regional leadership positions in its core markets. Safran is listed on the Euronext Paris stock exchange and is part of the CAC 40 and Euro Stoxx 50 indices.

Safran Defense & Space, Inc. (Safran DSI) is a leading provider of cutting-edge solutions designed to address the evolving challenges of U.S. national defense and advanced space missions. Headquartered in Arlington, Virginia, Safran Defense & Space, Inc. specializes in advanced electro-optical and infrared systems; fluid, fuel, and oxygen systems; resilient navigation and geospatial artificial intelligence; power and propulsion technologies; space solutions; and testing and ground evaluation capabilities. Safran DSI leverages its parent company's innovative technologies and global resources to deliver unparalleled solutions across air, land, sea, and space domains.
